Eve Templar 1
'Eve: Templar One' is an amazing book, it continues the story of 'Eve: The Emyrrean Age' and it abounds with nice science fiction concepts, enthralling characters and lots of suspense. Some of its events are synonymous with events in the real world, embellished with some of the best idioms and aphorisms ever.

Eve: Templar One: Amazon.co.uk: Gonzales, Tony—
Templar One is a direct sequel to **The Emyrrean age**, bringing back some recurring characters. Like any I should preface this review by saying I'm an avid EVE Online player and looking forward to the DUST 514 PlayStation 3 game that this book is based on.

Templar One (EVE, #2) by Tony Gonzales

Eve: Templar One—Tony Gonzales—Google Books
EVE: Templar One is a labor of love that began in 2009. For now, it's my last contribution to EVE 's fiction as I was amongst the casualties of the recent difficult times CCP endured. I hope you enjoy reading it as much as I enjoyed creating it. My publishers and dev colleagues are excited for it, and I hope you are too.

Just invest little epoch to get into this on-line broadcast eve templar one as without difficulty as review them wherever you are now.

Eve: Templar One—dev.livaza.com
Compared to his first EVE Online book, Emyrrean Age, Templar One was a big let down. The characters (many that return from the aforementioned book) return, but they don't feel the same. Too much attention is given to plotlines that really don't seem to serve much of a purpose to the overall story.

As power-hungry starship captains keep the people of New Eden locked in perpetual battle, a secret program in a prison camp just may lead to a lasting peace.

The first novel based on the wildly popular role playing game EVE Online. EVE, The Emyrrean Age brings this compelling science fiction environment to life. A clone with no name or past awakens to a cruel existence, hunted mercilessly for crimes he may never know; yet he stands close to the pinnacle of power in New Eden. A disgraced ambassador is confronted by a mysterious woman who knows everything about him, and of the sinister plot against his government; his actions will one day unleash the vengeful wrath of an entire civilization. And among the downtrodden masses of a corporation-owned world, a man named Tibus Heth is about to launch a revolution that will change the course of history. The confluence of these dark events will lead humanity towards a tragic destiny. The transcendence of man to the dream of immortality has bred a quest for power like none before it: empires spanning across thousands of stars will clash in the depths of space and on the worlds within. Those who stand before the tides of war, willingly or not, must face the fundamental choices that have been with man for tens of thousands of years, unchanged since the memory of Earth was lost. This is EVE, The Emyrrean Age. A test of our convictions and the will to survive. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

These are times that will test the bounds of the human spirit. A clone with no name or past awakens to a cruel existence, hunted mercilessly for crimes he may never know; yet he stands close to the pinnacle of power in New Eden. A disgraced ambassador is confronted by a mysterious woman who knows everything about him, and of the sinister plot against his government; his actions will one day unleash the vengeful wrath of an entire civilization. And among the downtrodden masses of a corporation-owned world, a man named Tibus Heth is about to launch a revolution that will change the course of history. The confluence of these dark events will lead humanity towards a tragic destiny. The transcendence of man to the dream of immortality has bred a quest for power like none before it: empires spanning across thousands of stars will clash in the depths of space and on the worlds within. Those who stand before the tides of war, willingly or not, must face the fundamental choices that have been with man for tens of thousands of years, unchanged since the memory of Earth was lost. This is EVE, The Emyrrean Age. A test of our convictions and the will to survive.

After the king of France and the pope massacre the Templars and steal their treasure, Martin assembles a small band of surviving Templars to retrieve the stolen treasure from under the king's nose.

In fourteenth-century France, when a royal conspiracy destroys the Templar Order for its treasure, Martin—a Templar Knight returning from the Crusades—finds himself one of the only Templars out of prison and attempts to steal the treasure.

A MILITARY THRILLER BY BEN H. ENGLISH
The time is the eve of the First Gulf War. The place is an abandoned World War II emergency landing strip for heavy bombers, nestled amid the near countless miles upon miles of wide openness in West Texas. Here another climatic battle will be fought, while the rest of the world focuses on what would become known as Operation Desert Storm. But in some ways, the stakes are even higher as men from other places and past conflicts gamble all that they are, and all they ever were, to prevent a catastrophic terrorist attack unthinkable before on an American city. The key to either side's success or failure? One old Boeing B-17G Flying Fortress, an enduring symbol from another war and ensuing catastrophe of a different era. This relic of a not so distant past is named 'The Uvalde Raider,' and this is its story...
EXCERPT
Trooper Micah Templar lazed in the cab of the sandstone colored Ramcharger, relaxing from what started as an early morning shift. He had the driver's seat run back as far as it would go, with both doors as well as the rear hatch opened wide in search of a cooling breeze. It was the time of year when the mornings would start off chilly, but by mid-afternoon could turn uncomfortably warm. This was one of those afternoons and the spacious greenhouse of the Dodge made it all the more so. Micah had his DPS-issued felt hat pulled low over his eyes, trying to shut out the west Texas sun that was just now peeking below the top of the windshield. He was trying to doze a bit but his excitement, along with that burning orb overhead, was making his attempt nigh impossible. Tipping the hat back slightly with the tip of his right index finger, the highway patrolman glanced at his watch and noted it was near the top of the hour. With nothing better to do and little progress made as far as catching some shuteye, he leaned forward and turned on the vehicle's radio for the latest news. "...at present officials for the Bush administration say an international coalition must be formed to push the Iraqi forces out of Kuwait. Other sources in the Pentagon are stating that plans for military action have been drawn up for a possible response to the crisis. Meanwhile, the United Nations is also considering further action against Iraq. A resolution has already been passed condemning the invasion and demanding that Saddam Hussein withdraw his forces. In other such news, negotiators remain hopeful for the release of American hostages still held in Lebanon. It is believed the recent release of Irish citizen Brian Keenan signals a new opportunity in that direction. However, intelligence experts remain noncommittal following the murder of Marine Lieutenant Colonel William Higgins. Higgins was abducted February of last year by suspected Islamic terrorists. A videotape purporting to show his execution was released, but the American government did not officially declare him dead until two months ago. This is TDN, the Texas State Network..."
"Should've known, nothing but bad news," Micah muttered to himself, shifting his weight in the seat and switching the radio off. A former combat Marine, he had a better idea than most of what going to war really meant. It had been a long time since the thought was discussed so freely among those with the power to do so, and by all indicators those discussions were in dead earnest. And when war talk occurs in dead earnest among such people, that's a sign of what will most likely result: a lot of other dead people. These disturbing thoughts banished any further hope of a short nap and Micah crawled out of the cab of the Dodge to stretch his legs. Slouching in the driver's seat had badly skewed the gig line for his uniform, and by habit he hitched the Sam Browne belt around to line everything back up.

The first thrilling novel in Raymond Khoury 's New York Times bestselling Templar series. In 1291, a young Templar knight flees the fallen holy land in a hail of fire and flashing sword, setting out to sea with a mysterious chest entrusted to him by the Order's dying grand master. The ship vanishes without a trace. In present day Manhattan, four masked horsemen dressed as Templar Knights stage a bloody raid on the Metropolitan Museum of Art during an exhibit of Vatican treasures. Emerging with a strange geared device, they disappear into the night. The investigation that follows draws archaeologist Tess Chaykin and FBI agent Sean Ralily into the dark, hidden history of the crusading knights—and into a deadly game of cat and mouse with ruthless killers—as they race across three continents to recover the lost secret of the Templars.

Revealing over a decade of images created during the development of EVE Online,DUST 514, and EVE: Valkyrie--this is the ultimate look at the most massive and dynamic universe in video games! Created in close collaboration with the developers behind each game, this gorgeous full-color hardcover immerses readers in New Eden through hundreds of stunning, never-before-seen pieces of art. With in-depth commentary by CCP throughout, this is a must-have for any fan of science fiction, video games, or jaw-dropping visuals!

The universe of EVE Online is peopled with characters both cunning and cutthroat, but their talents would mean little without the impressive power of their starships to bring them to bear! Featuring brand new detailed images of twenty-eight of the most iconic ships in New Eden, this beautifully illustrated guide offers an unprecedented look into frigates from each faction with intricate cutaways and complex lore. Dark Horse Books is proud to partner with CCP Games to present The Frigates of EVE Online!

An international bestseller certain to appeal to fans of The Last Templar—the thrilling first book in a sweeping medieval trilogy On the eve of the last Crusade, two men's destinies will come together as two great civilizations go to war. Amidst conspiracy and intrigue in Europe, Will Campbell, a young knight, risks his life to recover the stolen Book of the Grail. Hidden within its pages are the heretical plans of a secret society within the Knights Templar. Meanwhile, the former slave Baybars Bunkuddari and his army have taken over Egypt and Syria, and are planning a new Holy War to bring the Crusaders to their knees. With breathtaking battle scenes, memorable characters, and a riveting mystery at its center, Brethren (being published simultaneously with book two, Crusade, in hardcover) is a heart-stopping historical drama that brings the Middle Ages vividly to life.
