From the author of the best selling poetry collection Love And Space Dust and the writer behind the internationally famous poetry account @storydj comes a book about love, heartbreak, life - and how to survive all three amongst the noise of our modern world. Loud World, Quiet Thoughts is divided into two parts. The first consists of short prose, aphorisms and quotes focused on the deafening noise of the modern world; of social media, of television, and pressure. It embodies the endless anxiety of contrasting voices and white noise so loud that it drowns out our own thoughts. The second consists of beautiful poetry drawn from our quietest thoughts and the depths

of our souls, thoughts about love and heartbreak and, most of all, hope. Above all else, Loud World, Quiet Thoughts is a book about reconciling the secret spaces of your heart with the white noise of the world outside.

"You were never my dream to dream." Moonlight And You is not only about dreams, but what remains of those dreams after the dawn, and what is left of our wildest hopes, our most vivid fantasies and our fairytale loves. The book explores themes of love, relationships, heartbreak and loss but also hope, and the search for happiness. Its setting is ethereal night's beneath the moon, when time stands still and anything in the world seems possible. Moonlight And You blurs the boundaries between love, dreams and reality. It delves into our dreams, and how we might hold onto them after the embers of the dawn. David Jones is the author of the best selling Love And Space Dust, Could You Ever Live Without, Highway Heart, Love As The Stars Went Out, and Death's Door.
